Girls Code Lincoln Volunteer Information

We are looking for passionate and driven volunteers to help us out in a variety of domains. If you want to contribute to our efforts to make STEM and Tech fields more inclusive and diverse, we can find a place for you! **NO EXPERIENCE NECESSARY**, we train all volunteers, so if you have an interest, we do too.

What You Can Do to Help

Help us with our **clubs** through:

Writing Curriculum	Teaching Curriculum	Facilitating Clubs
Write impactful but palatable programming related content for clubs	Instruct content in an engaging way, no programming knowledge necessary!	Help clubs run smoothly by assisting girls when they encounter problems

Help us with our **other events:**

Represent us at community events	Facilitate our workshops
Spread awareness about GCL at booths, fundraisers, etc.	Help our workshops (more irregular than clubs) run smoothly

Help Run Our Organization
We are always looking various help from finances, to graphic design, to board members

Help us with our **website**

Maintain and improve our website
Have experience with, or a desire to learn, HTML, CSS, Static Site Generator

Time Commitment

Girls Code Lincoln is entirely run by volunteers so we understand that you are busy and have stuff going on. Our most important expectation is that our volunteers are committed and willing to communicate!

Other ideas?

If you have ideas for other ways that you can get involved, we are willing and excited to find a place for you. Email ryan@girlscodelincoln.com to discuss!
